Saint Gobain 1-23-18 fact sheet.docx

Sun

Here is the fact sheet.

Any questions feel free to contact me or Joel.

Doug

No, OSRTI has not been made aware of any specific issues that Lois Gibbs would like to discuss with Kell regarding the site.

Ok

I too was wondering if she had specific issues that had been brought to HQ’s attention.

I am not aware of any specific issues she has raised.

I’m sorry, I got a bit more clarification from Doug Ammon on this – he confirmed no specific issues need to be relayed, however, if you are aware of any particular items that the environmental group Lois Gibbs wants to discuss with Kell regarding the site, then reflecting that in the fact sheet would be good.

Otherwise, just including general information on the site including the current status would suffice. Thank you!

Thank you very much. Yes, a general fact sheet would suffice (no specific issues).

Hi Sun

We should be able to pull something together as we recently updated a fact sheet. Sounds like you are looking for a general fact sheet; no specific issues.

Hi Joel,

I left you a voicemail message earlier, but we have a request for a status fact sheet for Kell on Hoosick Falls / St Gobain due by 12pm today. I see that the RPM John DiMartino is not in today; would you be able to help coordinate pulling a status fact sheet together?

Thanks,  
Sun

Sun,
This is a very quick request for a status fact sheet for a Kell Kelly meeting with environmental group (Lois Gibbs). His office was like by noon today. I have copied the RPM and the CIC.
